

Wedding Guide & Bridal Extravaganza

At the Texas Wedding Guide we appreciate and welcome submissions of images from our clients showcasing their work for consideration for publication in our magazine.

We use hundreds of images from our wedding professionals to illustrate the stories and idea galleries our readers seek for inspiration both in print and online.

Every image is credited with the SUBMITTING wedding professionals company name, putting your name before our readers again and again.

Here are some guidelines as to what we are looking for when considering submissions for publication:

- Preferred image size — 8 x 12 inches @ 300DPI (approx. 9mg); Minimum size — 4 x 6 inches @ 300DPI (approx. 2.5mg)
- Images from websites CANNOT be accepted.
- Please send RGB files: We will convert to CMYK using our own color profiles designed for the best magazine reproduction.
- No watermarks or photo credits in images
- Special note to bakers, caterers, and florists — please take the background of your image into consideration. Set up a nice backdrop and tabletop.
- Please include your company name in file names
- NOTE: You MUST have releases for all the images you submit.

If you are part of an unusual, unique or other inspirational wedding, please gather those images as one submission for our Real Weddings sections.
